

OCREVUS PATIENT NAVIGATION OVERVIEW

Support for you and your patients who
are taking OCREVUS

OCREVUS[®]
ocrelizumab

YOUR GUIDE TO HELP PATIENTS ACCESS OCREVUS

You have the flexibility to choose which services will best meet the needs of your patients and practice. Reach out to a Patient Navigator to discuss how to make our services work for you.

ONCE THE CLINICAL DECISION IS MADE	YOUR STEPS TO OCREVUS ACCESS	HOW GENENTECH HELPS
PRIOR TO INFUSION	Enroll the patient in OCREVUS Access Solutions.	<p>To enroll, complete and submit the OCREVUS Start Form. Ensure the form is completed in full by both the provider and the patient.</p> <p>Forms can be obtained from an OCREVUS Representative, at OCREVUS.com/Forms or by using My Patient Solutions® for Health Care Practices.</p> <p>A Patient Navigator can answer questions throughout this process.</p>
	Determine an infusion site, conduct a benefits investigation (BI) and obtain any necessary prior authorizations (PAs).	<p>A Patient Navigator will:</p> <ul style="list-style-type: none"> • Help locate an infusion site <ul style="list-style-type: none"> – The BI will determine if the payer requires a specific site of care (ie, site-of-care policies) – If the payer does not specify a site of care, the patient and provider should choose the one that best fits the patient’s clinical and financial needs • Provide the BI conducted on the patient’s behalf to determine coverage for both the drug and infusion • Walk the patient through his or her insurance coverage for OCREVUS • Identify if a PA is necessary and offer resources to use when obtaining coverage for the patient • Follow up with the payer regarding the PA status <p>Submitting the PA is the responsibility of the practice.</p> <p>If the patient’s request for a PA is denied, the Patient Navigator will help determine the next steps.</p>
	Understand the patient’s out-of-pocket costs and patient assistance options.	<p>A Patient Navigator will help identify assistance options for eligible patients:</p> <ul style="list-style-type: none"> • Commercial insurance: Enrollment in the OCREVUS Co-pay Program for drug and infusion assistance* • Commercial or public insurance: Referrals to independent co-pay assistance foundations† • Insurance or no insurance: Referrals to the Genentech Patient Foundation‡
AFTER INFUSION	Coordinate treatment scheduling with the patient, practice and infusion site.	<p>A Patient Navigator can help coordinate the infusion:</p> <ul style="list-style-type: none"> • Confirm an appropriate infusion site and work with patients, practices and infusion sites to schedule the infusion • Review the infusion process, including an infusion checklist <p>Be sure to provide the patient’s actual date of treatment to the Patient Navigator to ensure timely follow-up.</p>
	Acquire OCREVUS via buy and bill or specialty pharmacy (SP).	<p>A Patient Navigator can help determine if the patient’s health insurance plan requires use of buy and bill or SP to acquire OCREVUS, or if there is a choice.</p> <p>If using an SP, the Patient Navigator will:</p> <ul style="list-style-type: none"> • Identify an appropriate SP based on the patient’s health insurance plan • Triage a referral to an SP if requested • Follow up on product fulfillment <p>A list of authorized distributors and SPs can be found at OCREVUS.com/Distribution.</p>
AFTER INFUSION	Submit a claim for reimbursement.	<p>Submitting the claim for reimbursement is the responsibility of the infusion site.[§]</p> <p>A Patient Navigator may also assist with:</p> <ul style="list-style-type: none"> • Sample coding information • Resources for denials and appeals, if necessary <p>These resources are also available at OCREVUS.com/Access.</p>
	Prepare for subsequent OCREVUS treatments.	<p>A Patient Navigator will:</p> <ul style="list-style-type: none"> • Reverify the patient’s benefits prior to the next scheduled infusion • Coordinate with patients, practices and infusion sites (if applicable) to schedule the next infusion

*Eligibility criteria apply. Not valid for patients using federal or state government programs to pay for their medications. Patient must be taking Genentech medication for a FDA-approved indication. See full terms and conditions at [OCREVUS.com/Copay](https://www.ocrevus.com/Copay).

†Genentech does not influence or control the operations or eligibility criteria of any independent co-pay assistance foundation and cannot guarantee co-pay assistance after a referral from Genentech Access Solutions. The foundations to which we refer patients are not exhaustive or indicative of Genentech’s endorsement or financial support. There may be other foundations to support the patient’s disease state.

‡To be eligible for free Genentech medicine from the Genentech Patient Foundation, insured patients who have coverage for their medicine must have exhausted all other forms of patient assistance (including the OCREVUS Co-pay Program and support from independent co-pay assistance foundations) and must meet certain financial criteria. Uninsured patients and insured patients without coverage for their medicine must meet different financial criteria.

§The completion and submission of coverage- or reimbursement-related documentation are the responsibility of the patient and health care provider. Genentech makes no representation or guarantee concerning coverage or reimbursement for any service or item.

||Appeals cannot be completed or submitted by OCREVUS Access Solutions on your behalf.
